Fall Leaf Collection Begins October 1

Loose leaf collection begins October 1 and continues until December 2, 2018. During this period, residents may put leaves and grass onto the curb, loose and un-bagged, for collection by the borough's leaf machines.

It is extremely important that **nothing else be mixed in** with the leaves and grass. Any other objects, such as branches, sticks, twigs, vines, pumpkins, corn stalks, or hay bales, will cause the leaf collection machines to clog, resulting in damage. Loose leaves will **not** be collected if any prohibited material is mixed with the leaves.

Residents may continue to put leaves and grass in garbage pails or biodegradable paper lawn and leaf bags. All bagged leaves are collected every Wednesday.

Loose leaves may NOT be placed onto the curb-line after December 2. After this date, please follow the above rules for bagged leaf and grass collection.

(pages 6, 14, 15)

Borough of Paramus Mobile App Now Available

BY TONY LJUBICICH, DIRECTOR
INFORMATION TECHNOLOGY

INSTRUCTIONS FOR DOWNLOAD

Download App for Android

Download App for Apple

1. Open the Google Play app on your mobile device.
2. Search for Borough of Paramus in the search bar.
3. Tap on Borough of Paramus and then tap install.
4. Borough of Paramus mobile app is now ready for you to use.

1. Open the App Store app on your mobile device.
2. Click on the Search icon on the bottom and search for CivicMobile in the search bar.
3. Click the download button.
4. Once the CivicMobile app has finished downloading, open the app.
5. Use your current location or Paramus Borough NJ into the Search box.
6. Choose Paramus Borough NJ to open the app.

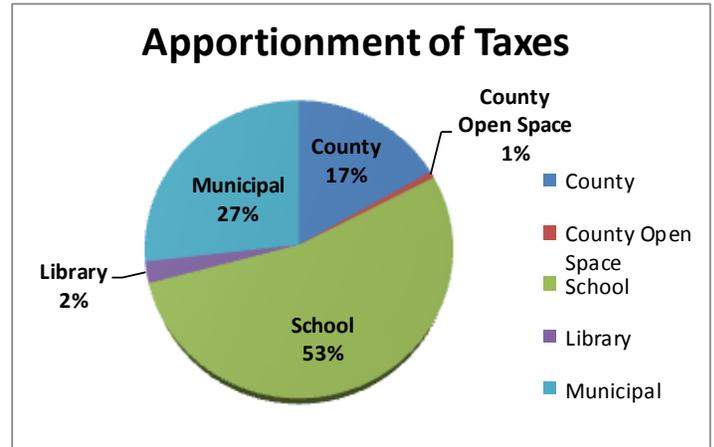

GARAGE SALE PERMITS ARE REQUIRED

The Borough Clerk advises that Garage Sale permits are required in the Borough. Application fee for a permit is \$15.

Applications are available on the Borough Website:
www.paramusborough.org

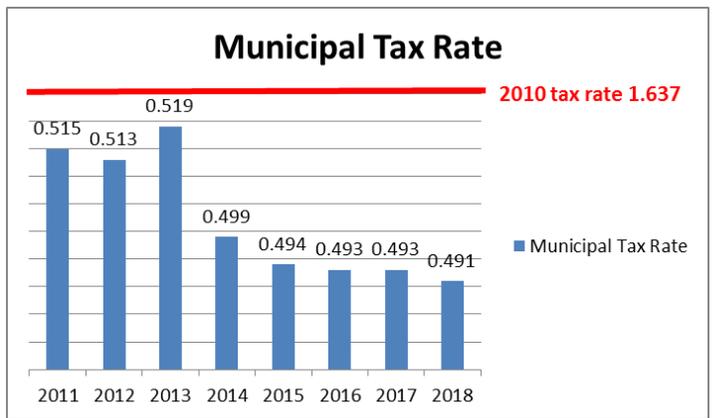

From the desk of **Mayor Richard A. LaBarbiera**

Paramus continues to hold the line on the municipal tax rate. A mere 27% of your tax dollars support municipal services and the borough makes every penny count. In December 2015 Paramus received a coveted AAA bond rating; at that time we were one of only seventeen in the State. Three years later the Borough continues to maintain this AAA bond rating. Very few municipalities in New Jersey can report that they have either maintained their municipal tax rate or not increased it for years. Municipal services encompass your Police Department, Department of Public Works (DPW), Shade Tree and Parks Department, Recreation Department, Municipal Court, Senior Center services, Municipal Pool and Golf Course, Building Department, Animal Control, and the various commissions and boards.

The Borough continues to increase its services to the residents while decreasing expenditures. We have upgraded fire and rescue apparatus and equipment, and continue to improve the staffing levels of our police department, DPW, Quality of Life, and emergency services.

The Borough will be breaking ground on an addition to our Senior Center, a direct result of the increased activities and membership of our senior citizens. Our veterans affairs office and services

continues to be in demand as we increase our services to those members of our community who served in our military. I am proud to note that our first handicapped playground was completed this summer and is highly used. An additional computerized score board has been installed at the Sports Plex and the ball fields are being reconstructed and renovated for the first time in decades. The Borough has partnered with the Board of Education to finance the renovation and completion of the all-season sports field at Eastbrook Middle School, enabling the fields to be utilized by both the Board of Education and the Borough Recreation Department.

Improved services to our residents combined with sound financial planning is a priority and focus of all the Department Heads and professionals who serve the Borough.

The Recycling Contamination Problem – It’s Everyone’s Responsibility

BY GUY PICONE, SUPERINTENDENT OF PUBLIC WORKS, CPM, CPWM, CAFM, CRP

Recyclable materials and trash look very different from each other, but for the past several years these two materials have been converging into one. This is not a good thing!

For recycling programs to solve the contamination problem, we all need to have a better understanding of which materials are actually “contaminants.”

Contamination is created when the wrong materials are put into the system (hoses, propane tanks, etc.) or when the right materials are prepared in the wrong way (recyclables in plastic bags, food left in containers, etc.). Acceptable material lists for most programs are relatively basic, including bottles, cans, containers, cardboard and printed paper. Hundreds of items are

potentially left for the “NO” list and curbside recycling programs simply cannot list them.

Products and packaging have become more complex. Think about the difference in the weight of a plastic bottle today versus 15 years ago. Today’s bottles are a lot thinner and lighter. We’ve also seen a wider variety of plastics used to package everyday items.

These advancements have changed consumers’ understanding of what they think is recyclable. Today’s average contamination rate (the percentage of trash mixed with recyclables) is 25%, which means approximately 1 in 4 items placed in a recycling container is not actually recyclable.

Contamination significantly increases the cost to process recyclables and has a direct impact in the quality of recyclables entering the commodity markets. If recyclables lose their quality, they also lose their ability to be recycled. In effect, making them nothing more than trash.

We all have a role to play in making recycling sustainable for years to come. It boils down to recycling the right items in the right way. We have to get back to basics! Keep food, liquids, and plastic bags out of your recycling.

Paramus Recycling Center - PROOF OF RESIDENCY REQUIRED!

HOURS

ITEMS ACCEPTED AT RECYCLING CENTER

- Cardboard, Clothes (useable/clean),
- Commingled Materials (bottles, cans, plastic containers)
- Computers and Electronics, Metal, Newspaper, Oil (used),
- Tires

There is a surcharge for each tire disposed of at the recycling center to be paid by the resident at time of drop off.

Monday: 7 am - 3 pm

Tuesday: 7 am - 3 pm

Wednesday: 7 am - 6 pm

Thursday: 7 am - 3 pm

Friday: 7 am - 3 pm

Saturday: 10 am - 4 pm

Closed Sundays and Holidays

- Any plastic containers with the numbers 3, 4, 6 or 7 on them or no number at all, oil or antifreeze containers, pesticide containers, brown bags, any paper products, coat hangers, paint cans, plastic film, 55 gallon drums, tar pails, flower pots, laundry baskets, vacuum hoses, plumbing accessories, toys, building products, wood, wire of any kind, electrical equipment, dishes, cooking trays, pots, pans, toasters, general household items, coolers, old VCR/cassette tapes, vinyl siding, wheels, pool liners and covers, tool boxes, fiberglass, fabrics/clothing.

IF IN DOUBT ...

THROW IT OUT!

Recreation Department Summer Playground Updates

BY SUE REGAN, DIRECTOR OF RECREATION

The 2018 Summer Programs were jam-packed with fun. Playgrounds were hosted at Stony Lane (K-2), Memorial Elementary (Grades 3 & 4), and East Brook Middle School (Grades 5 & 6). Each location housed over 140 participants in each session.

Stony Lane had special presentations weekly including: Goowins Balloowins, Mystery and History of Magic, CBS weather presentation, Imagination Celebration, Soul Steps, Olympics and The Amazing Race! On “Pets are Family” Day they had a special visit from a local animal rescue group.

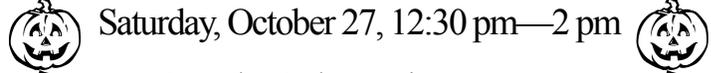

Participants at Memorial and East Brook had their own busy schedule each week with basketball instruction, circus workshops, and jewelry making. These two age groups took trips every Wednesday and Friday to locations such as Runaway Rapids in Keansburg, Ice House in Hackensack, Urban Air, and The Castle. This year campers took part in the

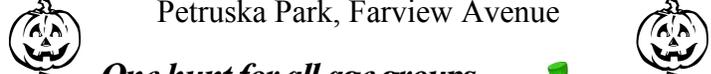

monumental 35th Annual Red and Blue Competition. The competition was very close, but on the final day the Red Team at Memorial and the Blue Team at East Brook prevailed, making them the 35th Annual Red and Blue Champions!

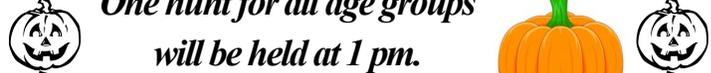

Paramus’s 7th and 8th graders attended the oh-so-popular “Trip Camp.” These camps took three trips a week for six weeks to the most exciting theme parks around! Some of the trips included: Six Flags Great Adventure, Splish Splash Waterpark, Dorney Park, and Lake Compounce.

If you haven’t done so already, don’t forget to register for our fall programs! Visit our website at www.paramusborough.org and see what is new!

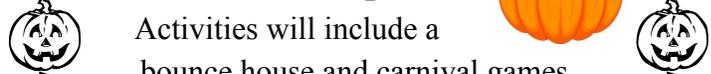

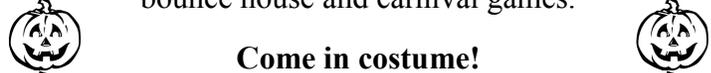

PUMPKIN HUNT

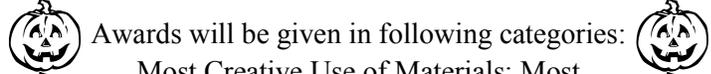

Saturday, October 27, 12:30 pm—2 pm
 

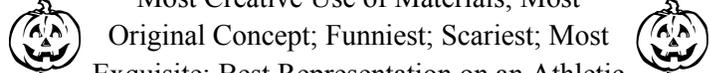

Petruska Park, Farview Avenue
 

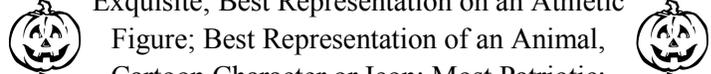

***One hunt for all age groups
will be held at 1 pm.***

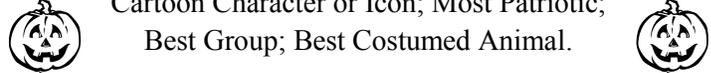

Come in costume!

Awards will be given in following categories:
 

Most Creative Use of Materials; Most Original Concept; Funniest; Scariest; Most Exquisite; Best Representation on an Athletic Figure; Best Representation of an Animal, Cartoon Character or Icon; Most Patriotic; Best Group; Best Costumed Animal.
 

In case of rain, this event will be held Monday, October 29, 4:30 pm to 6 pm. (Check Paramus Rec’s Facebook page for weather updates.)
 

Meet the New Assistant Directors at Recreation

STEPHANIE GARINO

My experience in the field began while working for Rutgers Recreation; I was one of two Student Directors for our Intramural Department. I later completed an internship at the University of South Carolina, followed by becoming the Assistant Director of Recreation for Stevens Institute of Technology.

This Fall I will be directly overseeing our Basketball, Soccer, Volleyball, and Different Abilities programs. My goal is to increase registration numbers, as well as come up with additional programs to offer, such as a 3v3 Adult Basketball League.

My family and I moved to Paramus when I was three years old. Growing up, I participated in many of the sports, community room activities, and summer camp programs Paramus Recreation had to offer. That being said, it is very rewarding for me to be working for the department that provided me with some of my favorite childhood memories. I'm very excited to be a part of this team, and am looking forward to increasing our involvement with the community.

MEGAN SCHAFFER

I began my recreation career as a youngster in Bloomfield Township, where I served in positions from part-time office staff as a teenager to becoming the Assistant Director in 2012. In Bloomfield, I gained the experience of working in all facets of recreation. In 2015 I became a NJRPA Certified Recreation Administrator, and served as the District II Representative. With a familiarity of all aspects of recreation, I believe I can bring a unique blend of experience and passion to the Borough of Paramus.

Because I grew up being very involved in recreation programs, it is important for me to be able to provide the same positive experiences to the residents of Paramus. It is a great honor to be able to be a part of the Borough of Paramus and I am excited for my future here.

A Quick Guide to Identify Ash Trees

BY J. A. SEXTON III, ASSISTANT SUPERINTENDENT SHADE TREE

The Emerald Ash Borer (EAB) is a devastating invasive insect. Left untreated, it will destroy the country's ash tree population. To destroy this pest, it is important to identify an ash tree. Because it is less prolific than maple or oak trees, ash trees are harder to recognize. Following is a quick guide to help identify ash trees.

Ash trees are deciduous, meaning they drop their leaves in the fall. Ash trees have a pinnate compound leaf (one main vein with other veins or segments coming off it resembling a fish bone)

comprised of 5 to 9 leaflets. The entire leaf is 8 to 12 inches long with each leaflet being 1 to 5 inches long and 1 to 2 inches wide. The leaf is medium to dark green on the tip and lighter green

underneath with a slight "pubescence" (short hairs resembling fuzz to the touch). The leaflets are oblong-lanceolate with a smooth or minor serrate margin (saw blade). Ash trees are easily identified in the fall by their brilliant yellow color.

The Paramus Shade Tree and Parks Commission performed an extensive street-by-street survey of all ash trees on town streets, with plans to treat select individual trees for the EAB and to prepare for the removal of infected trees. The first phase of treatment was completed during mid-July.

The Shade Tree and Parks Commission office may be contacted with any questions at 201-265-2100 ext. 4120.or Shadetree@paramusborough.org.

Looks Will Kill!! Another Invasive Pest

BY J. A. SEXTON III, ASSISTANT SUPERINTENDENT SHADE TREE

The Spotted Lanternfly (SLF) is an invasive tree destroying insect recently found in New Jersey. Although they look similar to colorful butterflies, they are actually tree killers.

The SLF is an invasive pest, primarily known to affect the Tree of Heaven, aka Jersey Palm (*Ailanthus altissima*). It has been detected on many host plants, including apples, plums, cherries, and pine. It feeds on oak, walnut, poplar, and grapes. The Spotted Lanternfly is native to China and Southeast Asia.

Spotted Lanternflies spread rapidly when introduced to new areas. The SFL can walk, jump, or fly short distances. Its long-distance spread occurs when people move infested materials or items containing egg masses.

Adult SLFs are approximately 1 inch long and 1/2 inch wide. They have large and visually striking wings. Their forewings are light brown with black spots at the front and a speckled band at the rear. Their hindwings are scarlet with black spots on the front and white and black bars at the rear. Their abdomen is yellow with black bars. Nymphs are black with white spots and turn red before becoming adults. Egg masses are yellowish brown, covered with a gray, waxy coating prior to hatching.

The Spotted Lanternfly lays its eggs on smooth host plant surfaces as well as bricks, stones, and other smooth surfaces, including plastics. The SLF has the ability to travel on all types of vehicles as well as various landscaping, wood-based materials, and agricultural produce. The Spotted Lanternfly enters its adult stage during late July. People who travel in or through Hunterdon, Mercer and Warren Counties need to check for the SLF.

Back to School Safety Tips from the Paramus Police Department

Back to school safety tips for students:

- Always wear seatbelts and face forward while seated on the bus.
- Never put anything out of an open window of a bus.
- Do not distract the bus driver or other drivers on the road.
- When walking to school always use proper cross walks and look all ways before crossing the street.
- Alert parents or guardians of any schedule changes before and after school.

Back to school safety tips for drivers:

Back to school means added congestion on our roadways, so please be extra alert and patient as you travel.

- Drivers must stop for school buses that are loading or unloading passengers.
- Be mindful of speed limits that change in school zones when children are present.
- Only drop off or pick up students in approved designated areas.
- Stop for all pedestrians within crosswalks.
- Do not allow passengers to remove seatbelts until the vehicle is completely stopped.

MUSEUM SEEKS VOLUNTEERS

The Paramus Fritz Behnke Historical Museum is seeking volunteers to serve as docents on occasional Sundays from 1 pm until 5 pm. The volunteers should have knowledge of Paramus; however, additional training is provided about the history of the Borough.

Volunteers will find this a great opportunity to meet museum visitors as they explain the unique features of the museum. Please call 201-445-1804 to learn more about becoming a docent.

DETECTIVE DIVISION COMMUNITY OUTREACH

The Paramus Police Department believes that through our community outreach unit that we can nurture relationship we have built with our residents. Through the implementation of various quality of life programs such as S.A.L.T. (Seniors and Law Enforcement Together), Operation Medicine Drop, the Disabled Resident Identification Program and National Night Out, the Paramus Police Department provides constant interaction with our community. Our Community Outreach Unit assists residents with issues that affect their quality of life living and working in the Borough of Paramus.

Community Outreach Unit Programs

S.A.L.T. (Seniors and Law Enforcement Together) – A monthly meeting between the Paramus Police Department and representatives of our senior citizens in the community. S.A.L.T. provides two way communication that enhances the lives of our senior residents. Topics of discussion include: Personal safety and security as well as general quality of life issues.

Operation Medicine Drop - The Community Outreach Unit maintains an expired or unused medicine drop box located at police headquarters as well as a portable unit that is brought to community events in order to encourage our residents to clean out their medicine cabinets. The turned in medication is destroyed in an environmentally safe manner at a New Jersey State Police collection site.

PARAMUS POLICE

OPERATION TAKE BACK
Friday October 6, 2017

DROP OFF LOCATION
Paramus High School
George Washington Stadium
Friday October 6, 2017
Times: 10am - 4pm

The Paramus Police Department provides a medicine take back box 24 hours a day, 7 days a week in the lobby of Police HQ's. All drop offs are completely anonymous.

PARAMUS HIGH SCHOOL
In conjunction with the Paramus Substance Abuse Committee is sponsoring "Operation Take Back".

A "Fall Clean Out" of your medicine cabinet is a great way to ensure the health of your family and the safety of our environment.

Knock Out Opioid Abuse Day

Paramus Police Department Junior Police Academy

BY DETECTIVE DOUG OHLENDORF

The Paramus Junior Police Academy was implemented for the first time this summer to provide young adults with a better understanding of policing in today's society. The academy exposed cadets to some of the training, procedures, and technology utilized by police officers to effectively perform their duties. The Junior Police Academy is designed to operate like an actual police academy for those interested in a career in law enforcement.

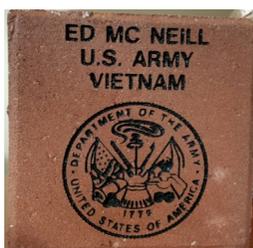

The Junior Police Academy was a one-week program scheduled for the first week of summer vacation. The cadets met daily from 8:00 a.m. to 2:00 p.m. Cadets were required to participate to the best of their abilities in all scheduled activities, including fitness training, military drills, and water safety.

Some of the activities cadets experienced during the academy were:

- **Physical Fitness Training**
- **Nutrition**
- **Narcotics and Gang Awareness**
- **Water Safety**
- **Sheriff's Department Canine Demonstration**
- **Emergency Services Unit**
- **Introduction to State and Federal Agencies (NJSP, Federal Air Marshals, NYPD, PAPD)**
- **Court with the Honorable Judge Joseph Mecca**
- **Bergen County Jail Tour**

Heating Safety from Fire Prevention

Heating Safety

There is something about the winter months and curling up with a good book by the fireplace. But did you know that heating equipment is one of the leading causes of home fire deaths? With a few simple safety tips and precautions you can prevent most heating fires from happening.

BE WARM AND SAFE THIS WINTER!

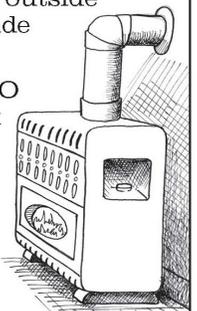

- Keep anything that can burn at least three-feet (one metre) away from heating equipment, like the furnace, fireplace, wood stove, or portable space heater.
- Have a three-foot (one metre) “kid-free zone” around open fires and space heaters.
- Never use your oven to heat your home.
- Have a qualified professional install stationary space heating equipment, water heaters or central heating equipment according to the local codes and manufacturer’s instructions.
- Have heating equipment and chimneys cleaned and inspected every year by a qualified professional.
- Remember to turn portable heaters off when leaving the room or going to bed.
- Always use the right kind of fuel, specified by the manufacturer, for fuel burning space heaters.
- Make sure the fireplace has a sturdy screen to stop sparks from flying into the room. Ashes should be cool before putting them in a metal container. Keep the container a safe distance away from your home.
- Test smoke alarms at least once a month.

Heating Equipment Smarts

Install wood burning stoves following manufacturer’s instructions or have a professional do the installation. All fuel-burning equipment should be vented to the outside to avoid carbon monoxide (CO) poisoning.

Install and maintain CO alarms to avoid the risk of CO poisoning. If you **smell** gas in your gas heater, do not light the appliance. Leave the home immediately and call your local fire department or gas company.

FACT

Half of home heating fires are reported during the months of **December, January,** and **February.**

**NATIONAL FIRE
PROTECTION ASSOCIATION**
The leading information and knowledge resource
on fire, electrical and related hazards

Joseph Cipolla Paramus Senior Activity Center

BY ANNE SCHNEIDER, DIRECTOR (ASCHNEIDER@PARAMUSBOROUGH.ORG)

The Paramus Senior Center has expanded its membership over the past few years to the point that an addition and upgrade to the center was essential. With membership more than doubled, the request for new and innovative programs for our senior citizens has been in demand. Some of the new and traditional programs scheduled include: meditation, mahjonn, chair yoga, line dancing, coloring, and conversation. The center now has quarterly Sunday luncheons with entertainment.

The expansion will provide the needed space to balance all of the programming needs, as well as the staff to explore and implement new and exciting programs.

The expansion will complement the exterior renovations completed earlier this year and add to the increased use of outdoor space and activities.

Call the center for a newsletter, ask for a calendar of events, come in and try a class, play games, and socialize.

Register for all classes at the center's office.

Members must be a Paramus residents, 62 years of age or older.

Contact Information: 201-265-2100 ext. 6120

Thank you Berkeley College

BY SHARON KALMAN, SUPERVISOR OF YOUTH SERVICES, MAIN LIBRARY

The Paramus Public Library is proud to announce that we had our most successful Summer Reading Program to date. This year, Paramus registered 1,775 students, from preschool through 12th grade, for our summer reading program. These participants read a total of 12,432 books in just six short weeks!

While the entire staff of the Main and Reid branch libraries work tirelessly through the summer (with the full support of the Paramus Board of Education), and should be commended for this feat, it would be much more difficult without the ongoing support of Berkeley College. Berkeley College has been a library, and Paramus, champion and cheerleader for over ten years. Since our partnership began, Berkeley College has donated \$200,000 towards the library in support of various programs, but perhaps most importantly our Summer Reading Program. In addition, they have generously donated to the Paramus Cultural Arts Council (they are a major sponsor of the Terrific Tuesday concerts) and BooksNJ (a celebration of books and the readers who

love them), enabling all Paramus residents to engage in cultural and literacy offerings that would not be possible otherwise.

The Paramus Public Library, Berkeley College, and the Paramus Board of Education have worked together to help our students become both lifelong readers and lifelong learners. Their commitment to both promoting literacy and the Borough itself is truly commendable.

HALLOWEEN STORYTELLER

For grades PreK-2

Sunday, October 28, 2 pm - 3 pm
Paramus' Main Library, 116 E. Century Road

Join LuAnn Adams and her not-so-scary folktales and travel around the world! These are stories to celebrate the littlest of goblins and ghosts.

Register online at www.paramuslibrary.org
or call (201) 599-1309 beginning October 14.

HAUNTED HALLOWEEN

Friday, October 19

Anytime between 5:30 pm and 7 pm

Paramus' Main Library, 116 E. Century Road

Family Fun for all ages!

Come one, come all and witness what happens in the library after dark. Ghouls, games, treats, and ghosts galore!

Wear your costume and do some early trick-or-treating.

No registration necessary.

PARAMUS FIRE DEPARTMENT'S SAFE HALLOWEEN

Tuesday, October 31, 2018

4:00 pm—8:00 pm

Rain or Shine

Midland Ave Fire Company No. 3

Stop by and meet your volunteer firemen, learn a few tips about fire prevention, safety and the Paramus Substance Abuse Committee. Enjoy snacks, have fun on a hayride, visit a haunted house, and more!

Reminders from the Office of the Borough Clerk

BY ANNEMARIE KRUSZNIS, BOROUGH CLERK (AKRUSZNIS@PARAMUSBOROUGH.ORG)

**REGISTER
TO VOTE!**

With the 2018 General Election taking place on Tuesday, **November 6**, now is the perfect time to register to vote. In order to vote you must be a United States citizen and a resident of the county for 30 days prior to the election. You must be at least 17 years old to register, but you must be 18 to vote. Polls will be open from 6 am to 8 pm.

The deadline for registering to vote is 21 days before the election. The Borough Clerk's office will be open until **9 pm** for registration on **Tuesday, October 16**.

To obtain or renew a U.S. Passport, an agent is available by appointment in the Borough Clerk's office.

For an appointment, please call 201-265-2100.

Businesses, landscapers and garage sales are required to obtain a permit or license.

Permits and licenses are obtained through the Borough Clerk's office.

For additional information, please call 201-265-2100.
